## Fluid Power, Automation and Motion Control for All Industries

Check out our wide selection and low prices on thousands of in-stock items!

[www.airlinehyd.com](http://www.airlinehyd.com)

At Airline, you'll find the most respected product brands in the industry:

**HYDAC**

**Rexroth**  
Bosch Group  
Solutions Partner  
Authorized Distributor

**SMC**  
The World's Largest In Pneumatics

**LINCOLN**

**PEPPERL+FUCHS**

**ABB**

**Clippard**  
Minimatic

**Orientalmotor**

**VOITH**

**OMRON**

**DRIVE**

**ANCHOR**  
FLUID POWER

**Parker**

**ROSS**

**HPS** Hammond Power Solutions Inc.

**CAMOZZI**

**pilz**

**HARTING**

**WEG**

**Bell-Everman, Inc.**

**Magnum**

**Beijer**  
ELECTRONICS

**QC Industries** LLC

**GAM**

**Daman**  
**BuTech**  
PRESSURE SYSTEMS

**MTS**  
SENSORS

**Young**  
Powertech inc.

**EPSON Robots**  
The Power of Choice

**Snap-tite**

**Pull+MASTER**

**Automation**  
Devices, Inc.

**MONARCH**

**BRADEN**

**WITTENSTEIN**

**NASON**

**Staffa**

**CERVIS** INC.

**Command**  
Controls Corp.

**Copley**  
Controls Corp.

**Thermal**  
Transfer Products

**MURR**  
ELEKTRONIK

**Haskel**  
INTERNATIONAL, INC.

**SU**  
SAFETY,  
TECHNOLOGY  
& INNOVATION

**CASAPPA**

**Our \$9 million commitment to inventory includes advanced fluid power and automation products for a wide variety of industries.**

A partial list of these products is shown below.

HYDRAULIC PRODUCTS	FLUID CONNECTOR PRODUCTS	AUTOMATION PRODUCTS	MOTION & CONTROL PRODUCTS
<ul style="list-style-type: none"> <li>• Pumps &amp; Motors</li> <li>• Cylinders &amp; Valves</li> <li>• Power Units: Stock &amp; Custom</li> <li>• Manifold Systems</li> <li>• Accumulators</li> <li>• Filter Packages</li> <li>• Lubrication Systems</li> <li>• Heat Exchangers</li> <li>• Marine &amp; Mobile Hydraulics</li> <li>• AC/DC Power Packs</li> <li>• Vickers Aftermarket Parts</li> </ul>	<ul style="list-style-type: none"> <li>• Hose, Fittings &amp; Assemblies</li> <li>• Crimping Equipment</li> <li>• Thermoplastic Hose &amp; Tubing</li> <li>• Brass Fittings &amp; Valves</li> <li>• Quick Couplings</li> <li>• Check Valves &amp; Diagnostics</li> <li>• Industrial Hose &amp; Fittings</li> <li>• High Pressure Ball Valves</li> <li>• Clamping Systems</li> <li>• Metric Conversion Adapters</li> <li>• Hydraulic Flanges</li> </ul>	<ul style="list-style-type: none"> <li>• Valves, Cylinders, Slides</li> <li>• Grippers, Proportional Valves</li> <li>• Vibratory Feeder Systems</li> <li>• Air Amplifiers, Gas Boosters</li> <li>• Liquid Pumps</li> <li>• High Pressure Fittings</li> <li>• Solenoid Valves &amp; FRLs</li> <li>• Safety Relays and Interlocks</li> <li>• Conveying Systems</li> <li>• Safety Light Curtains &amp; Mats</li> <li>• Aluminum Structural Framing</li> </ul>	<ul style="list-style-type: none"> <li>• Programmable Controllers</li> <li>• Sensors &amp; Vision Systems</li> <li>• Switches &amp; Controllers</li> <li>• Timers &amp; Counters</li> <li>• Servo &amp; Stepping Motors</li> <li>• AC &amp; DC Drives &amp; Motors</li> <li>• Motion Controllers</li> <li>• Linear Motion Products</li> <li>• Positioning Systems, Robots</li> <li>• Operator Interface Terminals</li> <li>• Circuit Protection Devices</li> </ul>

**Airline has the in-house capability to add value to our products by customizing them to meet your requirements.**

# Airline

## Fluid Power, Automation and Motion Control for All Industries

### We Add Value.

To meet today's ever-increasing demand for productivity, you need a supplier who can provide solutions, not just products.

**This is where our expertise becomes essential.**

Our staff of professionals, including qualified field engineers, system engineers, software specialists, and assembly technicians can integrate our power and control products to deliver efficient and cost-effective solutions.

**Solutions that will keep you far ahead of your competition!**

### Hydraulics

- Design & fabricate custom power units, manifold assemblies, winch systems & more.
- Develop turnkey fluid power systems including PLC/PC control
- AutoCAD documentation packages
- Integrate motor starter controls
- Hydraulic system rebuilds
- Controls wiring & testing

### Pneumatics

- Design custom pick & place assemblies, automation systems & subsystems
- Develop AutoCAD documentation packages
- Fabrication/subassembly of:
  - Pneumatic panels
  - Manifold assemblies
  - Pick & place units
  - Subsystems

### Controls

- Develop turnkey control/motion/vision systems
- PLC/motion programming
- Complete electrical documentation packages
- Fabrication/subassembly of:
  - Electrical panels & subsystems
  - Cable assemblies
  - Cartesian robot assembly & test
  - Motor starter panels

### Framing & Safety

- Design (3D AutoCAD) & fabricate:
  - Machine bases
  - Machine guarding
  - Ergonomic lean workstations
  - Clean rooms
  - Frame kitting
- Electrical safety components mounting & wiring
- Frame installation
- Safety assessment & solutions

### Our Service & Repair team will keep your system online and operating at peak efficiency!

- Factory-trained repair & service staff/authorized repair center for Rexroth, Haskel, Lincoln, others
- Prompt estimates - speedy repairs
- Pick up & delivery or on-site service available
- Preventive maintenance including fluid analysis, filter replacement & more
- Installation, start-up & troubleshooting

### Need training? We do that too.

Airline offers classes in hydraulics, pneumatics, automation and machine safeguarding. Training is conducted at our Bensalem and York offices or, if desired, at your facility. These classes can be customized to your equipment and arranged to meet your schedule.

**Download our complete Training Catalog on our website.**

Sales & support throughout the Northeast.

Call us toll-free at **800-999-SERV (7378)** or visit us online at [www.airlinehyd.com](http://www.airlinehyd.com).
