

WARRANTY POLICY

Airline Hydraulics Corporation warrants all products manufactured by it to be free from defects in material and workmanship under normal operating conditions and proper application in accordance with the current manufacturer's specifications for operation as specified below.

- Power units, subassemblies and electronics – eighteen (18) months after delivery date or twelve (12) months after the equipment is placed in service, whichever occurs first.
- Seals and sealing materials – Six (6) months after delivery date
- Vendor or customer supplied items on power units – per manufacturers' warranty policy.

Limitations on Warranty

This warranty is expressly in lieu of any other warranties expressed or implied, including any warranty of merchantability or fitness for a particular purpose.

Buyer's sole and exclusive remedy under this warranty shall be limited to the repair or exchange of warranted products at our option, FOB our factory.

If the buyer or Agent grants any warranty greater in scope or time period or labor allowance, Airline Hydraulics Corporation shall not be liable beyond the herein-stated limitations. Equipment and accessories not of our manufacture are warranted to the extent of the warranty of the original manufacturer.

No special, incidental, consequential or other damages shall be recoverable. Airline Hydraulics shall not be liable for consequential damages or contingent liabilities including, but not limited to, loss of life, personal injury, loss of crops, loss due to fire or water damage, loss of business income, downtime, costs and trade or other commercial loss arising out of the failure of the product. Airline Hydraulics Corporation will in no event be liable for any sum in excess of the price received by it for the product for which liability is claimed or associated.

No products shall be returned without prior authorization from Airline Hydraulics Corporation. Buyer shall prepay all transportation charges for the return of such products to seller's factory or factory service center. There will be no acceptance of any charges for labor and/or parts incidental to the removal and remounting of products repaired or replaced under this warranty.

The above warranty does not cover conditions over which we have no control, including, without limitation, contamination, pressures in excess of recommended maximum, products damaged or subjected to accident, abuse or misuse after shipment from our factory, products altered or repaired by anyone other than Airline Hydraulics personnel, or persons so designated in writing by Airline Hydraulics Corporation prior to commencement of said work.

Types of failures which are not attributable to defects in materials and/or workmanship and which are not considered by Airline Hydraulics Corporation as part of the warranty cover include, but are not limited to:

- Damages due to deterioration during periods of storage by the purchaser prior to installation and operation
- Damage of any kind from erosive or corrosive action of any gasses or liquids handled by the machinery
- Lack of or incorrect type hydraulic fluid
- Contamination of the hydraulic fluid
- Damage attributable to accident, abuse, neglect
- Stripped splines or keyways on drive shaft
- Incorrect mounting of external gears, pulleys, etc.
- Operating beyond the recommended maximum speeds, pressures or temperatures
- Use of the product in a manner or purpose for which it was not designed or intended.
- Repairs by unauthorized personnel
- Misalignment
