

Fluid Power, Automation and Motion Control for All Industries

CAPABILITY STATEMENT

AN ISO 9001:2008 CERTIFIED COMPANY

Airline Hydraulics Corporation is a factory-authorized stocking distributor of fluid power, automation and motion control products. In business over 60 years, our locations stretch from Maine to Maryland. Our best-in-class product lines include Bosch Rexroth, Parker, Hydac, Haskel, Braden-Gearmatic, ABB, Pullmaster, Snap-Tite, Weg, Omron STI, Nason and more. We also design, build, service and repair a wide range of fluid power and automation systems and components. We achieved ISO 9001:2008 certification in May 2011, validating our commitment to consistently provide our customers with quality products and services.

CAPABILITIES

We provide innovative solutions for many different types of industries. In the government and defense sector, we provide assemblies and systems to major defense contractors as a second or third tier supplier and also supply directly to U.S. government agencies as a small business.

KEY PRODUCTS

- **Hydraulics:** Pumps, Motors, Valves, Cylinders, Power Units, Accumulators, Manifolds, Coolers, Winches, Fluid Conditioning Products, Lubrication Components, Hoses, Fittings, Filters and Accessories
- **Pneumatics:** Valves, Cylinders, Slides, Grippers, FRL's, Air Amplifiers, Gas Boosters, Liquid Pumps, Vacuum Technology, Fittings and Tubing
- **Automation Components:** Aluminum Structural Framing, Conveyors, Circuit Protection Devices, Operator Interface Systems, Sensors, Vision Systems, Switches, Timers, Counters, Motion Controllers, Motors, Drives, PLC's and Machine Controls
- **Machine Safety Components:** Safety Relays, Interlock Switches, Emergency Stop Relays, Safe Bus Systems, Light Curtains, Safety Mats and Machine Guards

SERVICES

- Design and Fabrication of Hydraulic Systems, Winch Systems, Pneumatic Panels, Control Panels, Automation Systems, Machine Guarding, Modular Framing Systems, Workstations and more.
- Repair, Field Service and Installation
- Hydraulic, Pneumatic and Automation Training

COMPANY DESIGNATIONS

CAGE CODE: 04962
DUNS NUMBER: 00-231-9044

CORPORATE STRUCTURE
