FP5000 Series Flat Panel
Supporting the trend for more efficient operation, an analog resistive multi touch panel and automatic brightness adjustment has been added to the FP5000 Series flat panel monitors, thus supporting convenient operation in industrial environments.

PE4000B Series Node Box
The highly compact PE4000B is the entry level product to Pro-face Industrial PC quality and performance.

PS5000 Series Industrial PC
The PS5000 Series is the newest line up in the Pro-face Industrial PC family, offering high connectivity, reliability, and design. Our built-to-order lineup allows you to choose the product that best suits your purposes, including new Node Box PCs with Intel Core i7, and Celeron CPUs which can be used in a modular & flexible Panel PC configuration with 15”, 19” or 22” displays.
Built to Order.
Built to Last.
